Subject: Confirming Our Conversation

This is to confirm our conversation of this morning on the following topics:

1. There will be more than 500 copies printed of each ballot grouping version of the sample ballot.
2. Because any expenses associated with non-federal candidates that are covered in this sample ballot (for which the Waters Committee or People Helping People will not get reimbursement) will be limited to \$2,000 or less per candidate, and therefore will be within whatever limits could possibly apply, the requestors wish to clarify that we are not seeking an opinion from the Commission related to any portion of the sample ballot as it pertains to non-federal candidates (whether they reimburse or not). Accordingly, the scope of the request is limited to the federal candidates that will appear on the sample ballot, all of whom will be reimbursing the paying committee.
